# Alexa Artis

# Hi there.

## SUMMARY

Passionate photographer, web developer and digital creator highly skilled in the Adobe Creative Suite, HTML, and CSS. I have over four years of experience managing and updating websites in WordPress, and 10 years of experience with landscape, portrait, and documentary photography in both digital and analog formats and am currently seeking my Part 107 cert for drone photography. I strive to creative beautiful, accessible art through code and photography that is elegant and functional as well. I am willing to relocate anywhere globally.

## EXPERIENCE

**FREELANCE WEB DEVELOPER** 2019 – PRESENT
Develops and designs website and branding materials from scratch using various scripting languages and applications. Prepares drafts of designs and wireframes for client approval. Performs routine site audits and ongoing maintenance. Oversees the analyzing, writing, building, and deployment of websites from start-to-finish. Utilizes iOS terminal, VS Code, Git, Glitch and other applications and services to deploy and maintain websites.
